ABOUT US

OUR COMPANY

Chubby Gorilla® was founded in Southern California with one primary goal in mind: Make great products that people love using. Everyday, that simple goal informs every decision we make. From the unique design to the high-quality materials that we use in our products, our team works tirelessly to create aesthetically unique products that meet the consumer's needs. Chubby Gorilla® thrives on innovation. We have been awarded over a hundred patents and registered designs, and serve over 100 countries across the globe. These efforts have undoubtedly made Chubby Gorilla® a market leader in providing packaging to the e-liquid market and similarly positioned the company to engage emerging industries.

OUR MISSION

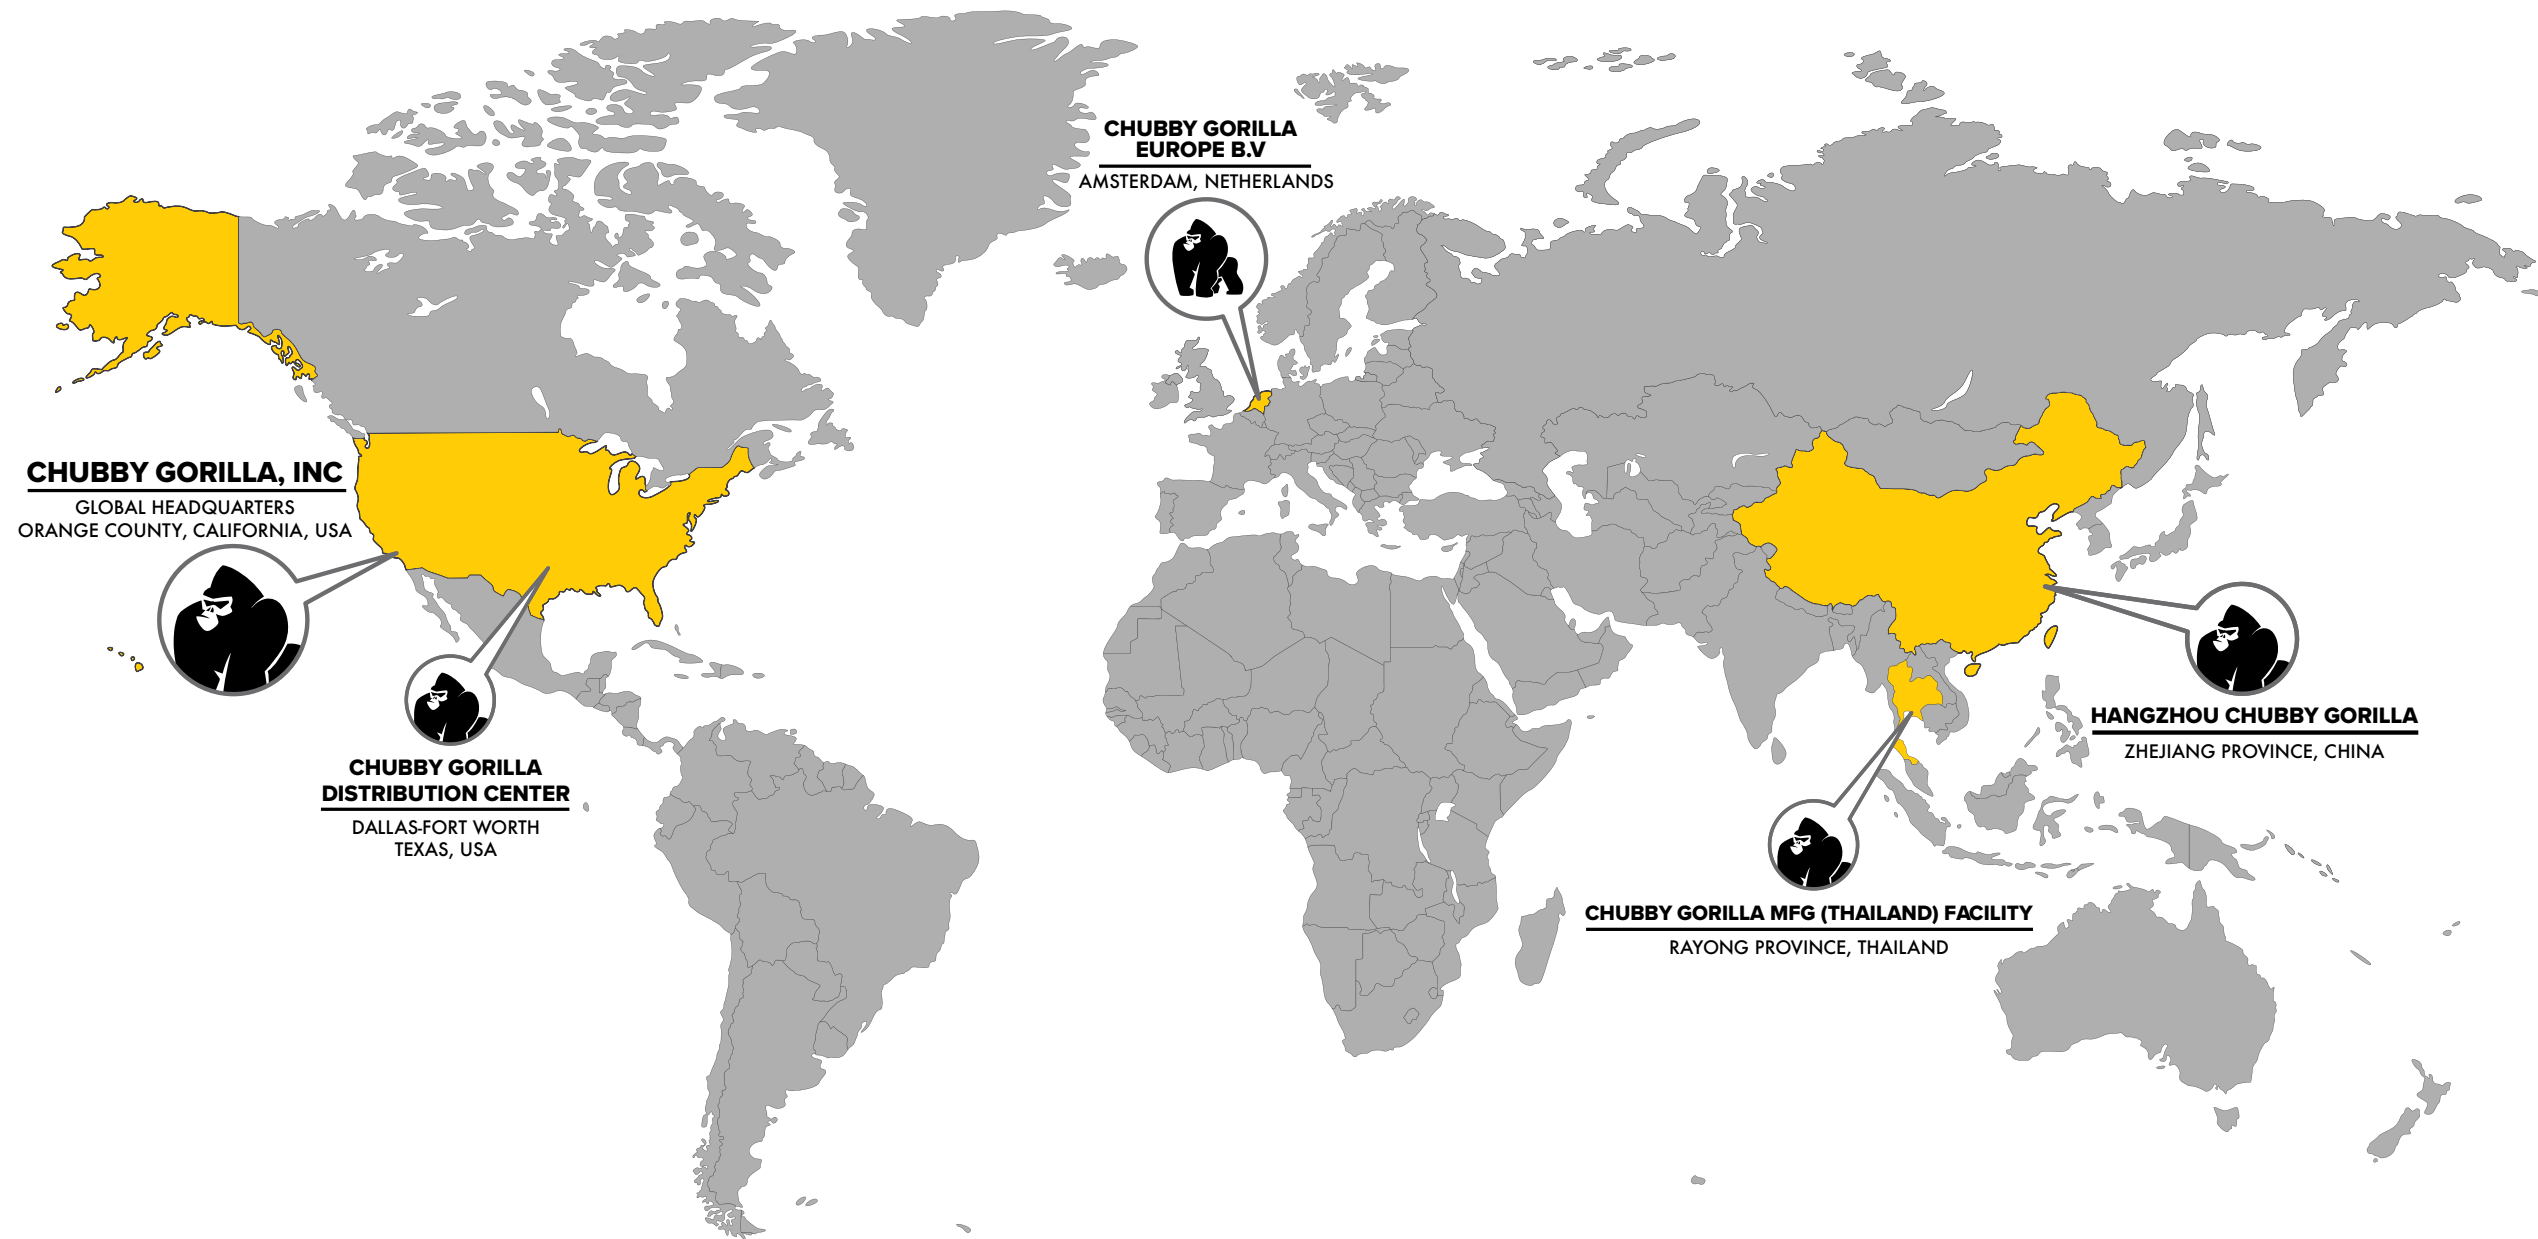

The mission statement of Chubby Gorilla® is “Engineered For A Purpose™” We don't just toss those words around lightly. We know that our customers have many choices, so we take every aspect of that statement very seriously so that consumers continue to demand the high-quality product provided by Chubby Gorilla®. When our customers use one of our products, we want it to be a unique and unparalleled experience.

GLOBAL FOOTPRINT

100+
COUNTRIES SERVED

PATENTS & COMMUNITY DESIGNS

HISTORY OF INNOVATION AND EXECUTION

2014

Founders recognize an opportunity to address the consumer need for e-liquid packaging designed for the purpose.

2015

Opened first Head Quarters in Orange, CA. Company Established. 15 mL LDPE bottle launched, sales into U.S., Canada and Mexico.

2016

30 mL LDPE bottle launched, V1 PET Unicorn Bottle® launched, marking the beginning of an industry transformation.

Head Quarters relocated and addition of warehouse space (6,600 sq ft) in Fullerton, CA.

2017

Opened Chubby Gorilla® China manufacturing facility (75k sq ft) in Zhejiang Province.

Additional warehouse space (4,800 sq ft) added to adjacent existing facility in California Head Quarters in Fullerton, CA.

2018

V3 PET Unicorn Bottle® launched.

Relocated Head Quarters and added warehouse space (34k sq ft) in Santa Fe Springs, CA.

Obtained ISO 9001, ISO 14001 and GMP 110 certifications for Chubby Gorilla® China.

2019

Relocated Head Quarters to Fullerton, CA, and obtained 79k sq ft of warehouse space.

Opened Chubby Gorilla® Europe in the Netherlands (21k sq ft, leased).

Purchased Chubby Gorilla® China facility and renovated, providing 396.4k sq ft of manufacturing space.

2020

Launched sales of Aviator® containers and tubes, packaging designed for the plant wellness end markets.

Filed a tobacco product master file with the FDA.

2021

Constructed additional external office building (8,600 sq ft) at Chubby Gorilla® China.

Obtained ISO 9001 certification at Fullerton, CA facility.

2022

Constructed 75k sq ft expansion at Chubby Gorilla® China, providing a total of 480k sq ft manufacturing space.

GMP 210 and 211 certifications for Chubby Gorilla® China.

2023

Opened Fort Worth, Texas warehouse and office with 54k sq ft warehouse space.

Launched Spiral containers, tubes, and bottles.
Launched Unicorn Bottle® with Reducers.

2024

European Head Quarters relocated to expand to 60k sq ft of warehouse space in Amersfoort, Netherlands.

Obtained ISO 15378 for Chubby Gorilla® China.

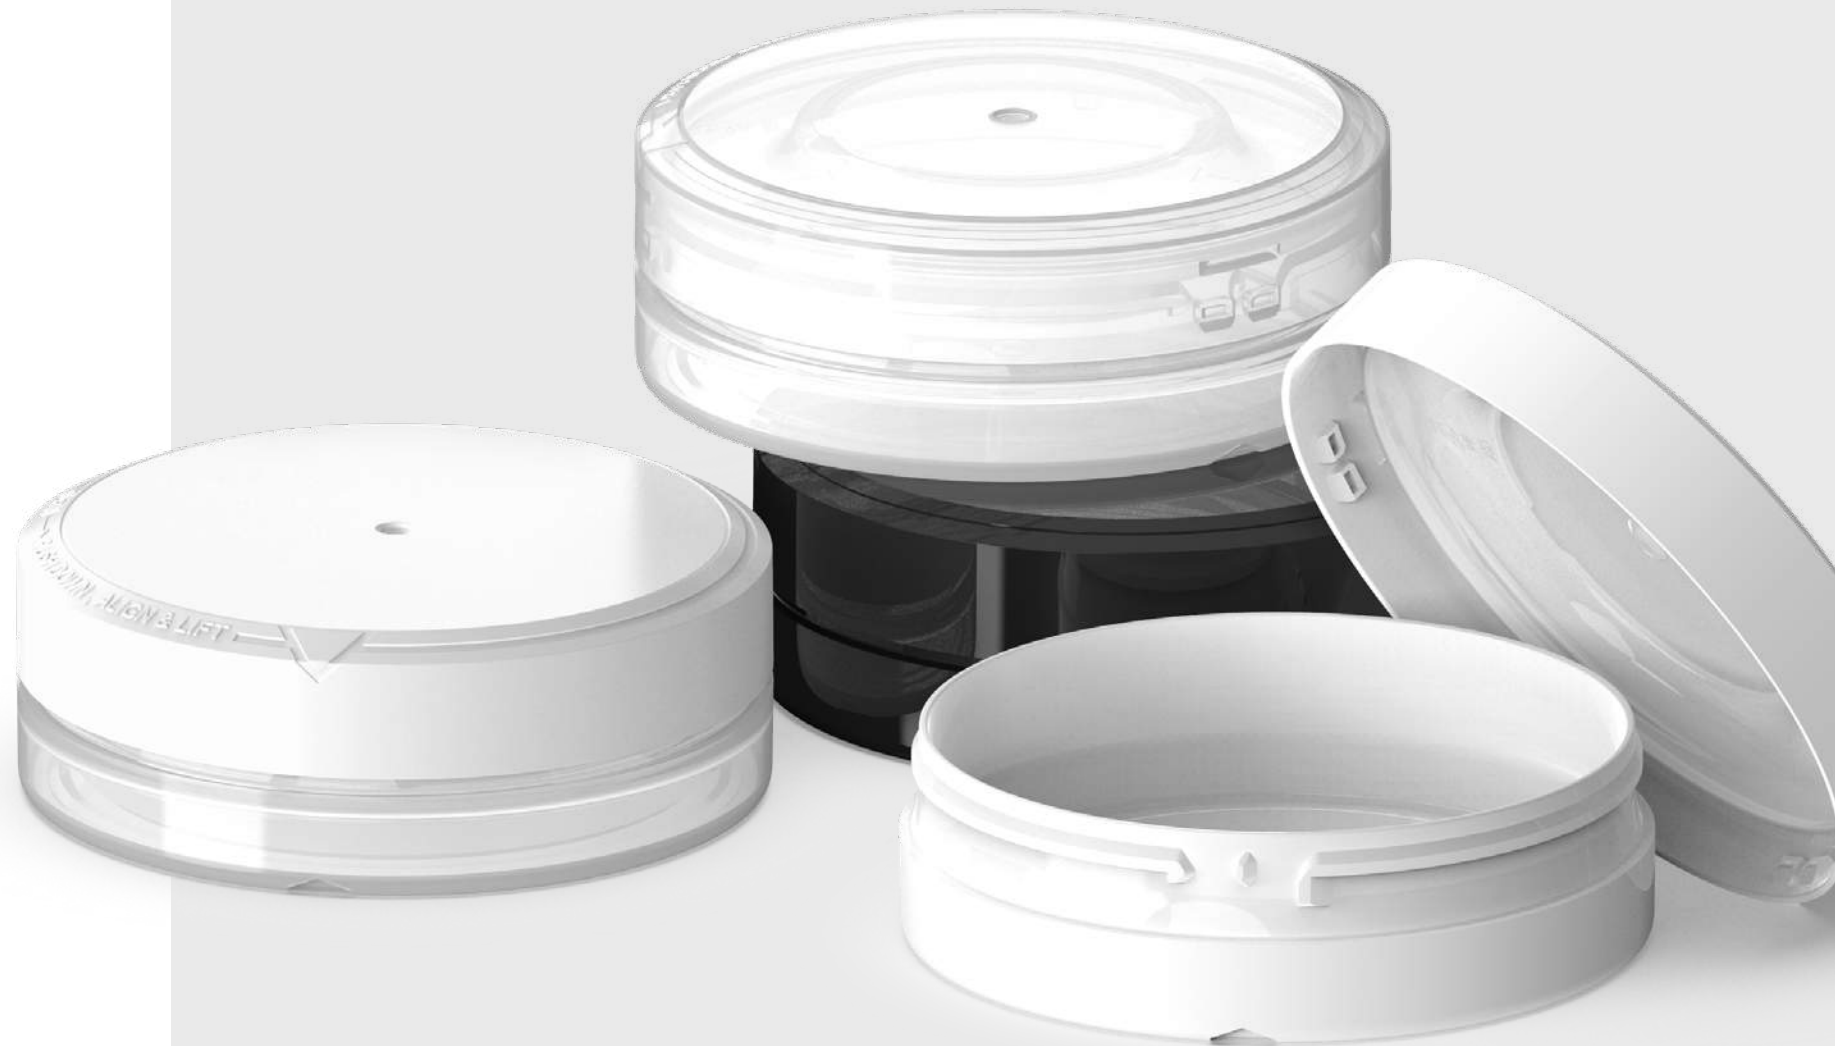

Launched Aviator® Functional Beverage Bottles, Pouch Containers, and Spiral® Dosing Cups.

2025

Opened Chubby Gorilla® Manufacturing facility in Thailand 20k sq ft.

Launched X3 Pouch Container.

HISTORY OF INNOVATION AND EXECUTION

BOTTLES

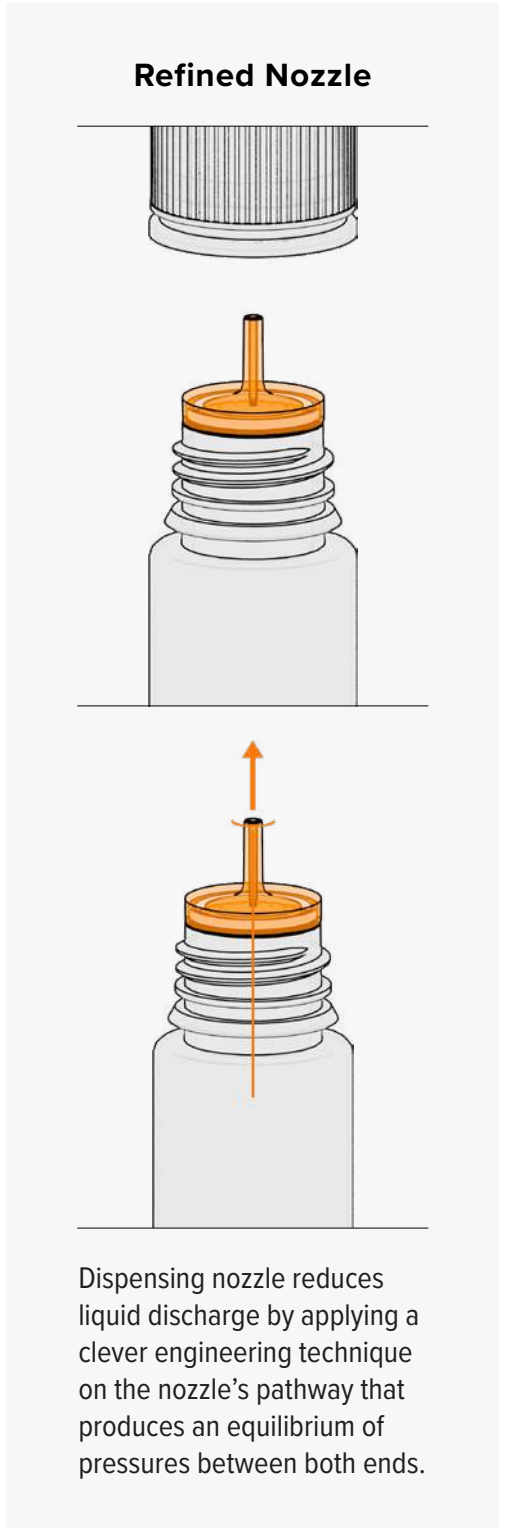

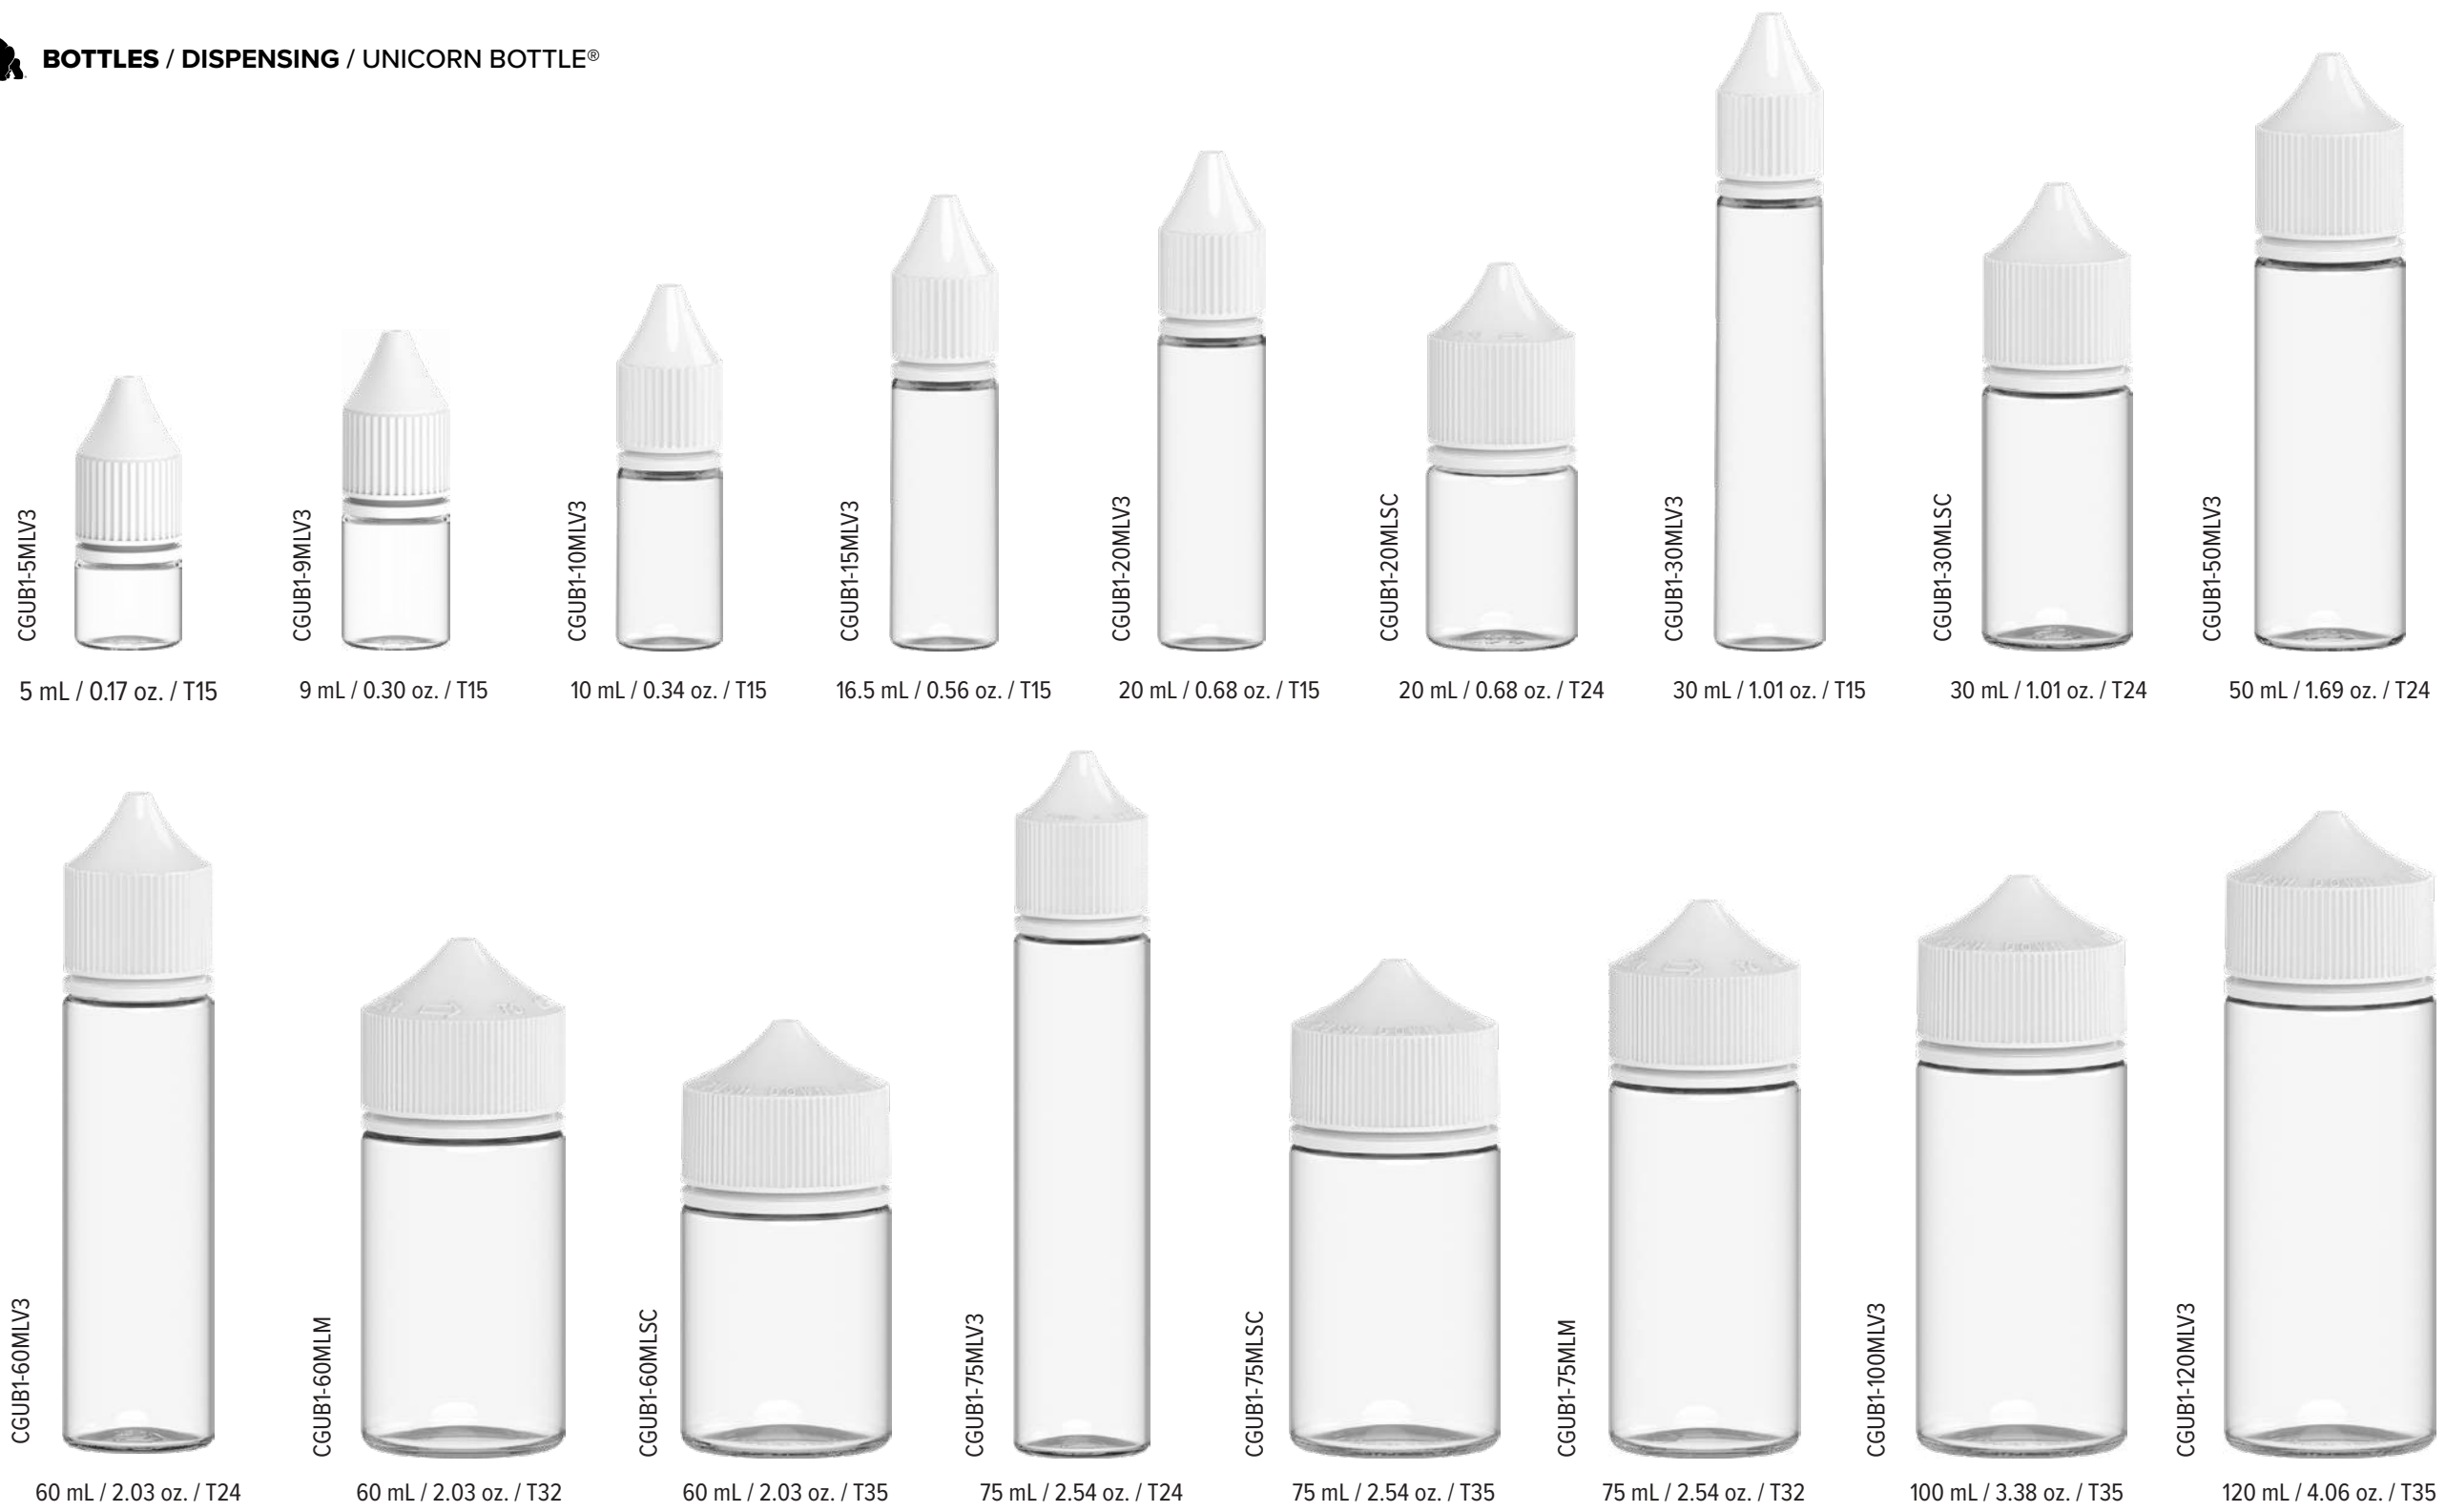

DISPENSING / BEVERAGE / MEASUREMENT

Chubby Gorilla® provides a comprehensive range of containers designed specifically for solid goods and devices. Each container is engineered with purpose-built features, such as integrated liners, fastened tamper-evident bands, and child-resistant closures, to help deliver a reliable, consistent consumer experience. With this combination of dependable performance and distinctive aesthetics, Chubby Gorilla® helps brands stand out while ensuring the compliance their products deserve.

KEY FEATURES

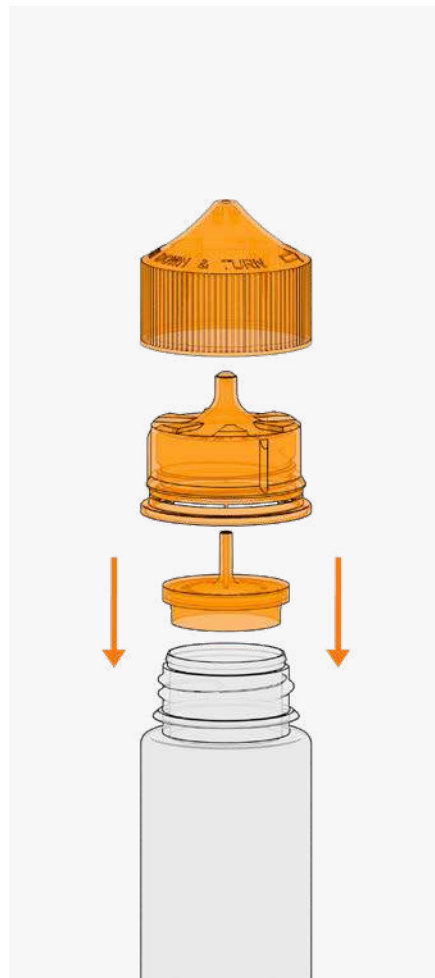

GLOSSARY

At their core, all Chubby Gorilla® packaging solutions are defined by the purposeful features built into them. Each feature is intentionally engineered to meet the diverse needs of brands across a wide range of industries.

All-In-One SmartCap

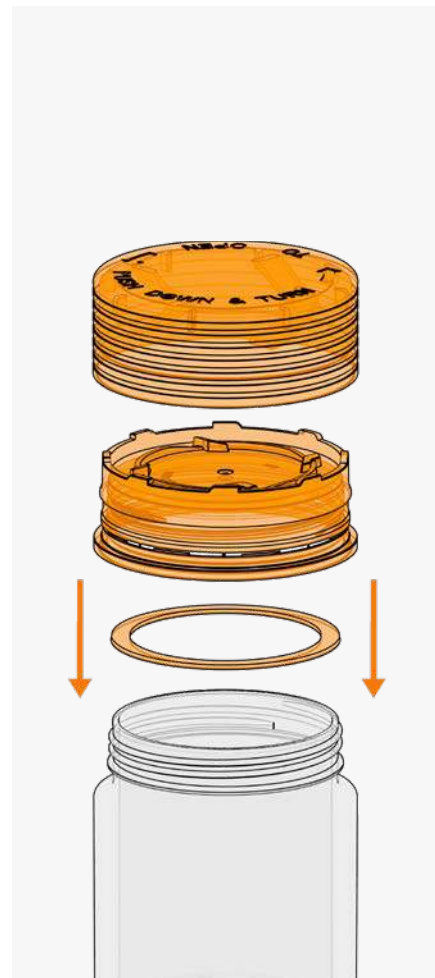

The SmartCap simultaneously applies the tamper-evident band while closing the bottle/container/tube.

BOTTLES

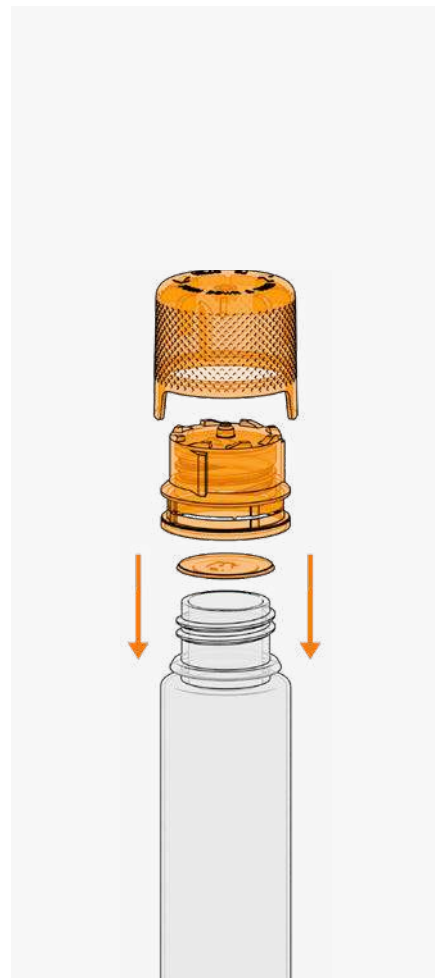

Dispensing / Beverage / Measurement

CONTAINERS

Containers with Liners / Thick Wall / Wide Mouth / Device

TUBES

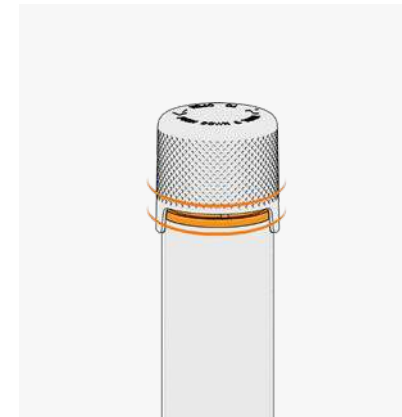

Straight / Tapered

**Click on product names to jump back to their pages*

Fastened Tamper-Evident Band

A smooth tamper-evident band remains latched onto the neck of the container.

BOTTLES

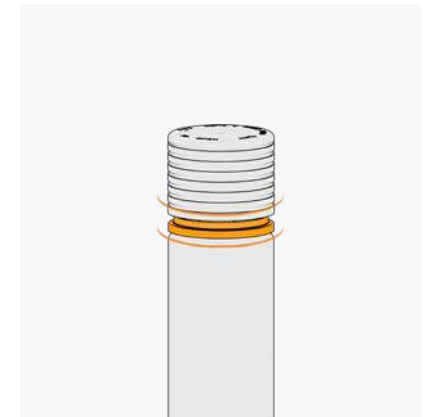

Dispensing / Beverage / Measurement

CONTAINERS

Containers with Liners / Thick Wall / Wide Mouth / Devices

TUBES

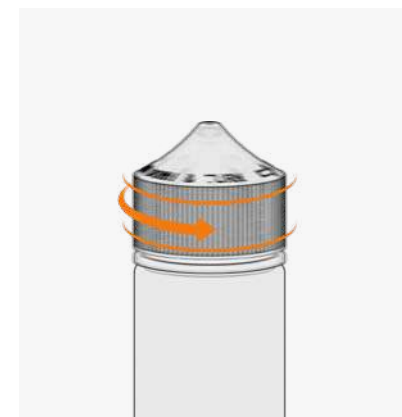

Straight / Tapered

Rotational Suspension Closure

Effortlessly set the closure in motion and close your bottle/container/tube with a closure that features a spring suspension that retracts the closure when it is pushed down. This feature provides a levitating experience while it turns.

BOTTLES

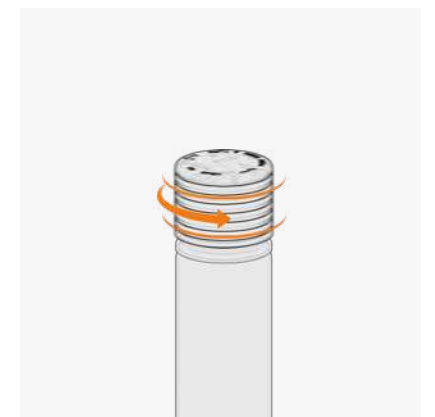

Dispensing / Beverage / Measurement

CONTAINERS

Containers with Liners / Thick Wall / Wide Mouth / Devices

TUBES

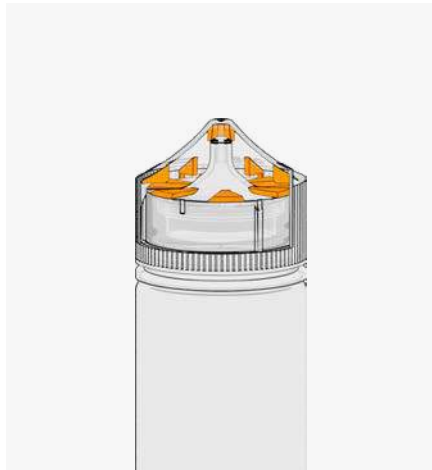

Straight / Tapered

Child-Resistant Closure

The container closure system incorporates a child-resistant closure designed to allow ease-of-use by senior adults.

Aviator® 510-Cartridge Containers)

TUBES

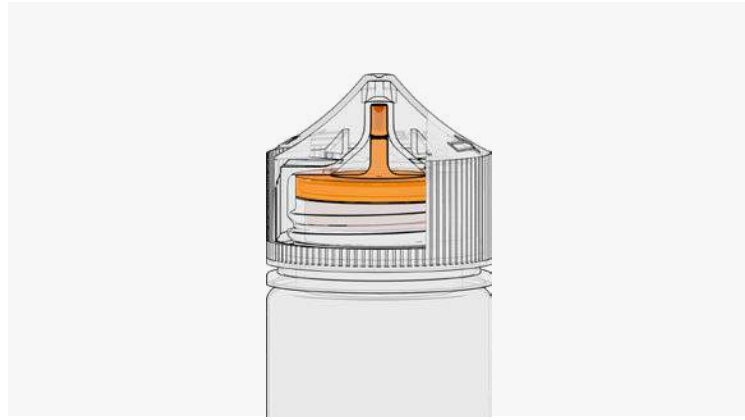

Straight
(excludes Aviator® Tubes)

Liquid Leak-Blocker

The liquid leak-blocker supports the dispensing nozzle tip internally to assist liquid leakage from occurring when the closure is closed. The liquid leak-blocker is shaped to the inner dispensing tip and is attached inside of the closure.

BOTTLES

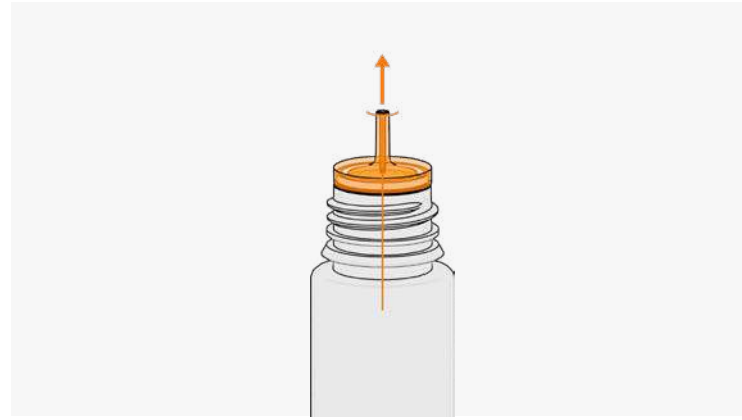

Dispensing
(excludes Unicorn Bottle® with Reducer)

Refined Nozzle

Dispensing nozzle reduces liquid discharge by applying a clever engineering technique on the nozzle's pathway that produces an equilibrium of pressures between both ends.

BOTTLES

Dispensing
(excludes Unicorn Bottle® with Reducer)

Pinch A Drip, Squeeze A Flow

The nozzle and bottle jointly work as one unit to meticulously dispense fluid by the simple action of a pinch or a squeeze.

BOTTLES

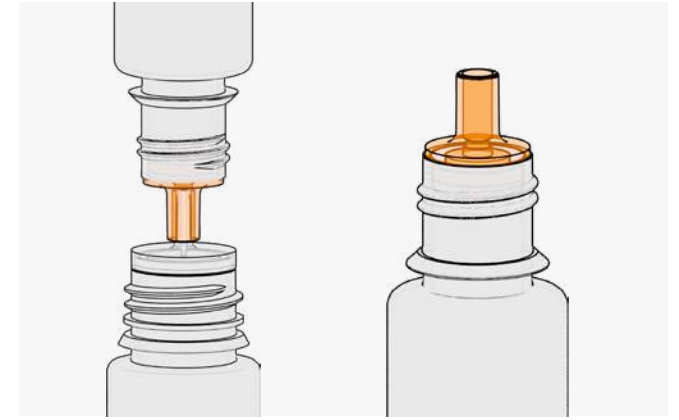

Dispensing
(excludes Unicorn Bottle® with Reducer)

Convenient Smart-Fill

The nozzle and bottle jointly work as one unit to meticulously dispense the perfect amount of fluid by the simple action of a pinch or a squeeze.

BOTTLES

Dispensing
(Unicorn Bottle® with Reducer only)

Friction-Fit Closure

The SmartCap uses a friction closure that automatically creates a seal with the bottle neck, to support liquid leaks from occurring.

BOTTLES

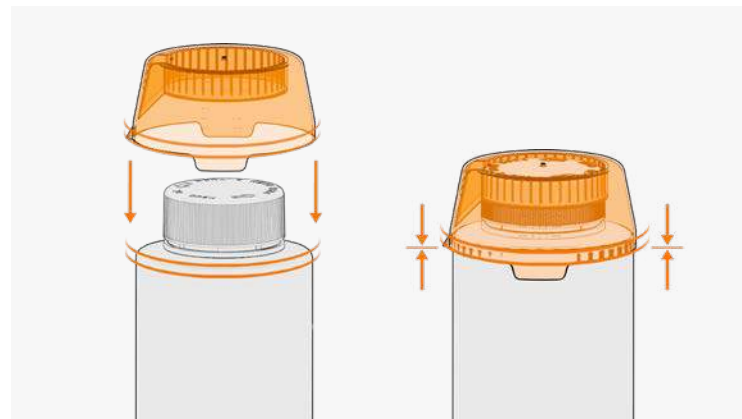

Beverage

Lock-On Dosing Cup

The Dosing Cup is always at the ready as it is integrated into the closure system.

BOTTLES

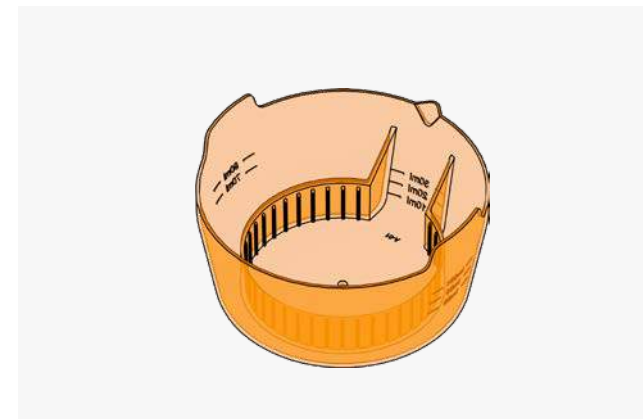

Measurement
(Aviator® Base Bottles only)

Dual Volume Dosing Cup

The Aviator® Base Bottle's Dosing Cup features two volume capacity reservoirs for measuring from 5 mL to 10 mL or 50 mL to 200 mL. The flexibility in measuring allows an easier way to custom mix and measure in one unit.

BOTTLES

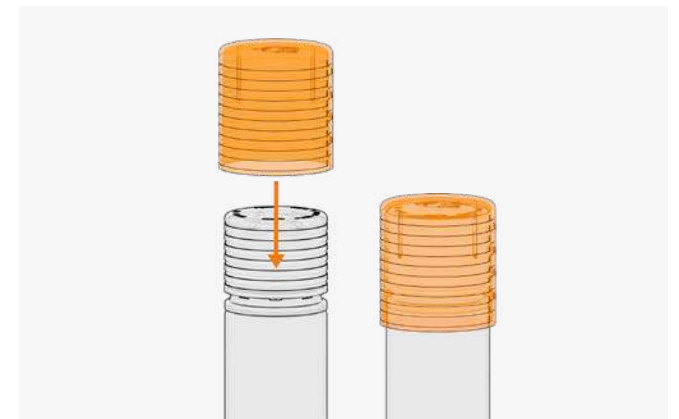

Measurement
(Aviator® Base Bottles only)

Slide On Dosing Cup

Spiral® Dosing Cups are engineered to seamlessly slide over the closure of Spiral® Bottles, creating a convenient, ready-to-use solution for on-the-go dosing

BOTTLES

Measurement
(Spiral® Dosing Cup only)

Reinforced Wall

Spiral® Thick Wall Containers are designed with a reinforced outer wall, offering the sleek, elegant appearance of glass while providing superior durability.

CONTAINERS

Thick Wall

Universal 510-Thread Holder

The 510-Thread holder is integrated into the closure to hold cartridges in place in any orientation. (*510-Cartridge not included)

TAILORED TO YOUR NEEDS

Chubby Gorilla® offers custom branded packaging solutions to compliment your overall marketing strategy. Although packaging is perceived to improve brand identity, through our experience of assisting brands globally, we have learned that custom solutions can further elevate marketing efforts as part of a wider strategy. At Chubby Gorilla® we will work closely with you to offer a variety of special finishes tailored to fit your brand's identity. Our dedicated customization team is on-hand to help you realize this vision. It's worth noting that in a growing number of markets customization carries additional responsibilities and tests that will be required along with the potential costs that your brand will have to factor in. *We strongly advise keeping up to date with the ever-evolving legislation for packaging within the markets that you supply or intend on doing so.*

WHAT WE DO

Chubby Gorilla® has been producing quality packaging for customers in over 100 countries. We consider our impact on people and the planet in everything we do. We continue to ask ourselves how we can make Chubby Gorilla® an even greater force for good in the world. To start we strive to support a balance of quality engineered, sustainable, and regulated products worthy of our brand and beneficial to our customers.

Through our membership with Ecologi's Climate Positive Workforce we are helping to offset our employee's carbon footprint and support climate positive projects.

Finally, since we are Chubby Gorilla®, we feel it is only right to support and protect our name sake. We've partnered with Gorilla Rehabilitation and Conservation Education Center (GRACE), to provide care for rescued Grauer's gorillas and work alongside the Congolese community to promote the conservation of wild gorillas and their habitat. With these efforts, it will help us towards our goal of social responsibility and sustainability.
